

PIX-X'ceed[®]

Ribbed / Poly-V Belts

Features:

- High power transmission capacity
- **Suitable for small pulley diameters**
- **Maximum Belt linear speed up to 60 m/Sec**
- **Highly flexible, noise-free and smooth running**
- Suitable for speed ratios up to 1:30
- Anti-static oil and heat resistant
- Temperature range: -25°C to +100°C

Sections:

PH, PJ, PK, PL, PM

Application:

Crude oil pumps, spreaders, seeding machines, vegetable crushers, household appliances, washing machines, dryers, machine tools, grinders, etc.
